DESCRIPTORS Classification; Deafness; Disadvantaged; Emotional Disturbances; Gifted; Learning Disabilities; Mental Retardation; Physical Disabilities; *Special Education; *Subject Index Terms
IDENTIFIERS *Call Numbers

ABSTRACT

Library of Congress subject headings and call numbers that have been developed for special education topics are listed in this guide. The subject headings and their associated call numbers are grouped by general category (e.g., gifted, deaf, education), and references to related terms in other sections are provided. A brief note describes the kinds of material covered by the subject headings and call numbers in each category. An index is included. (Author)

IR008238

This is a guide to special education subject headings (the terms by which books are listed in the card catalog) and call numbers (the numbers by which books are located on the shelves).

This means that it does not list individual books but the information you need to find them, either by looking in the catalog or on the shelves. However, DO NOT ASSUME THE LIBRARY HAS BOOKS ON EACH SUBJECT OR IN EACH LOCATION LISTED IN THIS GUIDE. TO FIND OUT EXACTLY WHAT WE HAVE LOOK IN THE CARD CATALOG USING THE HEADINGS FROM THIS GUIDE.

After the TABLE OF CONTENTS there is an alphabeticl listing of all the headings in this guide. They have also been grouped by general area (education, emotionally disturbed, etc.) so that you can see all the headings that exist on a topic.

We have tryed to make this guide complete, but if we have not included an area which interests you please let us know.
